 "Without this program, a person can spend years, even decades, drilling dry holes and burrowing down barren shafts, reaping only dust. With it, that same person will be guided straight to the mother lode, literally at the speed of thought. I cannot recommend it highly enough."

From the Desk of Dr. Robert Anthony, Personal Performance Trainer

Dear Friend,

This letter will reveal to you a secret so deep and core to the essence of mankind -- *yet until now hidden and shrouded in mystery* -- that once you come into contact with it, your life will never be the same again...

It is the deepest secret to **Andrew Carnegie's success formula** that Napoleon Hill so masterfully brought to the world in his seminal work "**Think and Grow Rich**". Yet even Andrew Carnegie was unable to fully dig the secret out from the catacombs of his mind... *it was so much a part of him it went unrecognized...*

Dr. Robert Anthony
Personal Performance
Trainer, Best Selling
Author

The missing ingredient **IS** the core genesis to the *secret of all secrets...* and with it you will know how to immediately ignite the **self-directed creation of anything you desire...**

The missing puzzle piece not only completes the formula, but it **unlocks all the riches life has to offer for you...** I have been driven on a 30 year unrelenting mission to uncover this secret... I uncovered many clues and delivered to others incredible successes along the way...

But it all pales in comparison to what **you will do with the secret of all secrets** when you have it in an *easy-to-grasp*, very personal format that is instantaneously usable and decisively effective...
Prepare for indisputable and spectacular results...

What do you want out life?

Money? Power? Love?

Would you like to experience some control over your life and be able to create what you desire?
Would you like to feel like you have control over your **health** and your **wealth** -- **and have all the money you need or desire?**

Would you like to experience **warmer and more rewarding relationships** with your partner, your children, even **YOURSELF**? Would you like to feel respected by others?

The truth is, **you can understand and master your own desires...**

There is a secret to an endless source of money, power, and love in your life...

It is the same secret used by the *most powerful, persuasive, attractive, wealthy and romantic figures from today and throughout history...* Continue to read on and you will be enlightened ... you will discover the secret and be able to *start using it yourself...*

Everybody will sense but never quite know what is different about you -- except that you now **radiate confidence and attract success...**

A no-effort, cannot-fail success system so radical, you

can *toss aside* all traditional self-improvement and positive-thinking programs you have ever purchased...

There is a guaranteed no-nonsense way to *get the results you want...*

Once you understand "*the secret*", you can *toss aside* all the self-improvement, goal setting and positive thinking programs that **HAVE NEVER YET** delivered for you...

I say that quite confidently: I personally do not teach positive thinking. To me, by the time you think positive it is too late. It is important to understand that is not our thinking that creates our circumstances, but the emotion that is attached to our thoughts.

As outlined in *Think and Grow Rich*, "Thoughts become Things"... And this is correct, but not 100% strictly the full story. In fact, not ALL thoughts become things, only the thoughts that are accompanied with *strong feelings and emotion...*

All of this and more I explain in crystal clear detail in "**The Secret of Deliberate Creation**"...

What I do in "**The Secret of Deliberate Creation**" is show you how the natural laws of Quantum Physics, the Law of Attraction and Cause and Effect can work either FOR YOU or AGAINST YOU...

While it is no secret that we create whatever we give our **dominant attention** to or whatever we focus on, "**The Secret of Deliberate Creation**" will show you, maybe for the first time in your life, how to focus on your desire long enough and in the right way, so that you cannot help but manifest the end result.

It also reveals the missing *subtle but key* ingredients to the mix that must be present for the powerful fusion effect of the **Carnegie success formula** to take hold...

With all revealed and understood, you will be able to easily manifest more money, more freedom, better relationships, new ideas for a business or a career, or anything else you want...

Who Am I to Make Such Promises?

My name is Dr. Robert Anthony. I've spent the last 30 years unraveling the mysteries of "success" and how the mind holds the ultimate key to peak personal performance in all areas. In addition to being a Personal Performance Trainer, I am a licensed Psychotherapist, Hypnotist and best selling author.

I have worked as psychotherapist trained in all forms of Energy Therapy including NLP, TFT, TAT, and EFT. I am also a licensed by the American Board of Hypnotherapy and a practicing member of the Association for Comprehensive Energy Psychology.

But ultimately my driving force has been to understand the deepest secrets of success, make them understandable, and thus ignite explosive results for others...

I am considered by some of the most successful people on the planet to be their best-kept "undercover secret" ...

I have spoken at over 5,000 prestigious seminars all over the world, appeared on ABC, CBS and NBC television, and my client list includes Federal Express, Mary Kay, Proctor and Gamble, and many Fortune 500 companies.

I also work with hundreds of small business owners – and receive a constant stream of mail expressing gratitude for the positive impact my work has had. In dollar terms alone, this would be measured in the **hundreds of millions**... though money is not the only way to measure wealth and success.

I have authored over 15 books, which have been published in 22 countries, including ***Beyond Positive Thinking*** and ***The Ultimate Secrets of Total Self-Confidence***.

Over the past 30 years well over 10 million people from all over the world have profited by attending my seminars, reading my books, or listening to my tape and CD programs. My books alone have sold over 4 million copies.

I have never thrived on publicity – rather allowing my **RESULTS** speak for themselves. And that is just what I will do right now – let my clients speak for themselves about the immediately results they have enjoyed...

"...Works where others have failed"—Dr. Joe Vitale

"This is a no-nonsense program that cuts through all the motivational stuff that others are selling. It works where others have failed."

"Bang, everything seemed to make sense from that point on. Literally I went from having \$1.73 to my name to a business that did \$1.8 Million in its first 10 months. Since that time, my businesses have produced almost \$9 Million in total revenue in the past 7 years."

--Armand Morin, *Internet Marketing Entrepreneur, USA*

"The course is great. I've now read all of Dr. Anthony's books and I've: Improved my relationship with my wife. We're in 'harmony' now and we're having a lot of fun.

Increased my income by 80%. It's only been 2 months. And, this secret is going to help me increase my income *much* more. It already has. I was able to get more done *this morning* than I did an entire week at this time last year."

- Eric Reynolds, *Portland, Maine*

"I've used Robert's system to manifest abundance (in the realm of 7 figures)..." -- Alex Neocleous

"It is wonderful to *the secret* into action, sit back, wait for the 'inner prompting' to lead me down a path, and then observe its manifestation. I've used Robert's system to manifest abundance (in the realm of 7 figures), wonderful new friends, and even a lovely lady or two :) "

— Alexi Neocleous, *Kogarah, Australia*

My journey to the center of "success"...

My 30-year journey to the center of mankind's greatest "*success secret*" has taken me from **Think and Grow Rich** to a study of **psychology**, to delving into **hypnotherapy** and an understanding of trances...

In fact, it became clear to me that everybody is hypnotized and in a trance all the time... In order to create success, I realized my job was to **de-hypnotize** people, to snap them out of their trance and limiting belief systems.

After studying psychology and hypnosis, the second big clue came from **metaphysics**... I realized there is a higher level of mind than the conscious or subconscious mind.

Clue three - **quantum physics** -Steve Hawkins and others, which immediately connected all the dots on why self-help books and positive thinking don't work. The reason is... it has very little to do with what we think. It really is all about *how we feel*...

In fact, "**Think and Grow Rich**" should be re-titled, "**Feel and Grow Rich**"...

The "Secret" has a scientific basis... and the proof is as pervasive as it is undeniable...

In **The Secret of Deliberate Creation** you will discover a scientific system to getting, obtaining, and creating *precisely* what you want... whether it be **more money**, **better relationships**, the **job or career** you have always dreamed of, or **getting into shape**...

My journey to *unlock the secret of the ages* lead to the discover that "the secret" works with Swiss-clockwork precision, precisely because it is and always has been based upon the laws of physics as undeniable as the law of gravity...

Have you ever noticed...

- Whatever you hold in your mind with **energy** and **focus** becomes your reality ... whether it be negative or positive, if you focus on it and give it emotional energy, it manifests itself in your life...
- If you have **good thoughts or do good deeds** towards others, it sets in motion a chain reaction delivering good back to you ... maybe not from the same person or at the same time, but probably *when you need it the most*...
- If there is something you struggle against... it just seems to come back to you in droves (rather than leaving)... In fact, the **more you resist, the more you attract that which you don't want**...

These are all based upon the **Law of Attraction**... an immutable law as impersonal and indifferent to your "wishes" as the Law of Gravity...

Here is something else you may not realize, which is a fact based on universal **Law of Cause and Effect** which applies to everything in the universe including your actions:

For every cause there is an effect... not only that, but the effect is always multiplied. So not only will you experience what you cause yourself, or others, to experience, but it will come back to you,

multiplied and increased.

In other words, if you help others to experience riches and happiness, it will come back to you and you will experience a ***multiplying of what you cause others to experience...***

It's not by accident that the following people all share one thing in common -- they all understood *the secret of all secrets... The Secret of Deliberate Creation* -- and all used it to achieve greatness in the field they were most passionate about:

Bill Gates	Andrew Carnegie
Tiger Woods	Michael Jordan
Elvis Presley	John Lennon & Paul McCartney
Albert Einstein	Henry David Thoreau
Aristotle and Socrates	Gandhi

But it is the *magic pill that will dissolve so many issues and heartaches that may be plaguing your life right now...*

✓ **How to make the "Law of Attraction" work for you instead of against you...**

The **Law of Attraction** states that whatever you focus on... you will get. Notice I said *what you focus on*. I did not say what you want or need or desire. If you are focused on the fact that you do not have enough money, if you are constantly worrying about it and thinking about it... then that is your dominant thought and focus.

The Law of Attraction ... whatever you focus most of the time you get...

There is good news and bad news in this... The bad news is if you don't have what you want or are fearful about your future – your mind created this outcome using the **Law of Attraction**. It did it

over time... The good news is that you have already PROVEN to yourself that these laws work and you can reverse your fate.

You focused on what you didn't want and now you have it. Proof positive that the Law of Attraction works 100% of the time...

The key is to take the immutable, unchangeable laws of **Cause and Effect** and put them purposely to work for you... instead of them by default working *against you...*

This I show you how to do in **The Secret of Deliberate Creation...** easily, like a *"flip of the switch"*. And once you know how to flip the switch, your life will never be the same again.

Money will flow into your life in abundance ... You will also:

- Discover a simple process that stops you from *unconsciously* attracting **negative experiences** into your life -- it actually reverses that course and put you in the drivers seat...
- **Understand the "delay factor"** -- what is in your thoughts and feelings today will become your circumstances tomorrow... discover how to *instantly get a grip on controlling all outcomes that matter to you...*
- Discover the **biggest fatal error** most people make when trying to change things for the better... **The Secret of Deliberate Creation** reveals to you the **right things** and the **wrong things** to focus on and they are not what you intuitively would expect...

However, they are *scientifically proven* to work every time, without fail, no exceptions...

And the fact is, when you understand this, you'll be free from *worry and fear* forever. You'll never have to worry about economic conditions, the government, your parents, your job or career, or any of the influences that you fear, again.

You will live in harmony with **The Secret of Deliberate Creation** and prosper no matter what conditions exist...

"In desperate straits ... within 18 days the \$30,000 I needed surfaced" -- Kelvin R. Parker, Castle Rock, CO

"I was in a desperate situation, needed \$30,000 within 18 days, the future of my family was on the line in a legal matter, and I had no immediate or obvious prospects to pull off the impossible.

"Rather than panic, I put my trust, confidence and faith in *"the secret"* and it delivered. Within 7 days one heart-of-gold benefactor surfaced from Arizona and wired \$20,000 direct to my attorneys. Not more than 10 days later, \$10,000 came from a father in Los Angeles who decades earlier had been in the same situation as I.

I guarantee that this program will work for anyone who actually uses it. I know that it is impossible to fail with this program. It is impossible not to get results because that would be the first time in history that the laws of physics failed.

Gravity never fails. You don't worry about that.

The laws and principles you learn and apply in this course do not work for some of the people some of the time. They work 100% of the time for everyone.

That's why I can offer a guarantee. It's like selling the law of gravity to everyone. I know it will work.

It's the same for the natural laws of physics taught in "**The Secret of Deliberate Creation**". They work on the same principle as gravity. They cannot - NOT work.

The only way this program can fail, is if you fail to apply it to your life. However, if you find you are not totally thrilled with the results... I'll refund your full purchase price on the spot. No questions asked. No hard feelings, either.

Just return your product in good resalable condition, and you'll receive a full refund less shipping and handling. What's more, you can keep the more than **\$300 worth of bonuses** on me.

"Dr. Robert Anthony changed the way I look at responsibility in my life. Now I can't blame anyone for anything. It's a tough pill to swallow until you realize it frees you to be the primary creative force in your life. This is empowering. I love this material, and I find myself not only plugging it into my life, but constantly sharing it with others, too."

-- Joel Black, co-host of the *Earth & Sky* radio series

"I learned more from this program than all the self-improvement stuff I have ever read or heard. " -- Tom Console

I learned more from this program than all the self-improvement stuff I have ever read or heard. There is so much information that you need to listen to them many times over."

-- Tom Console, Scottsdale Arizona

"This is truly a blueprint for a happy and successful life." -- Vicky Heron

"The "Think and Grow Rich" for the new millennium..."

"Though I own literally hundreds of spoken-word cassette courses, I don't ever remember taking the time to write a testimonial. But I had to this time. Excellence of this extraordinary degree demands acknowledgment, respect and, most of all, gratitude.

The only way I can describe it to someone who thinks this is just another motivational program is this:

Imagine what romance, adventure, excitement and sheer fun would suddenly flood into your life if you stumbled across a real-life treasure map. Imagine further that this treasure map

leads you, step by easy step, to one of the world's richest gold hoards, buried right in your own neighborhood. If you take just a moment to imagine those feelings vividly right now, you'll be getting close to the feelings this program ushers into your life as soon as you get into it.

This is the real thing, life's ultimate Treasure Map, the most reliable, easiest-to-follow map anyone can possess to find every treasure he or she desires in life, whether that treasure be gold, love, health or anything else that adds richness to life.

I thought "Think and Grow Rich," the book that launched a million millionaires, was the landmark work in this field. It has now been surpassed by "Beyond Positive Thinking," the new king of the hill in making dreams come true and manifesting one's desires, purely with the power of thought. Thoughts really do have wings.

Without this program, a person can spend years, even decades, drilling dry holes and burrowing down barren shafts, reaping only dust. With it, that same person will be guided straight to the mother lode, literally at the speed of thought. I cannot recommend it highly enough.
