Dustin Pass
Professional Forex Trader
and Funds Manager

Discover how to enter and exit a trade at the very time the Forex markets move 50 to 280 pips *in record time* -- generating the potential for \$500 to \$2,800 in profits...

Make more money with a lower risk of loss, in a less stressful manner, and in a fraction of the time you probably devote to trading now... Dustin Pass has a profitable track record worth following... Over the first eight months of 2006, his calls on Forex trades made live while critical news releases hit the wires scored an average pips movement of 205. Many months coming in at over 310 pips...

To put that in perspective, if you started with an account balance of \$5,000 and trade conservatively over a period of 90 days, **with an average movement of 205 pips, your account balance would grow to \$13,110...**

In the **Forex Live-on-the-News Trading Room** you will profit from:

- **A trading plan that has delivered an average movement of 205 pips per month** based upon Dustin's expertise trading Forex live-on-the-news both as a professional trader and a Forex funds manager - which is translated for you into clear and easy to follow buy and sell calls...
- **"Trade Call" email alerts** the day prior to each news release which include: The news release we will be watching, the expected number for the release, what deviation from the expected number should produce a good trade, and the expected reaction of the market depending upon the deviation ...
- **A real-time news service built in...**
- **An optional AUTOMATED TRADING system** - As Dustin make the calls in the trading room they will be **instantly executed and locked in** on your account with your broker ... so you profit at the very same level as our most experienced Forex Trader...
- **And much more...**
