From the Desk of Matt Morris - Founder of the "Learn & Earn" *Success University*  
Friday, 10:25pm

Dear Friend,

If you have **2 to 5 hours a week** combined with *determination* and *enthusiasm* toward your future, then I guarantee to work a **financial miracle in your life...**

How so?

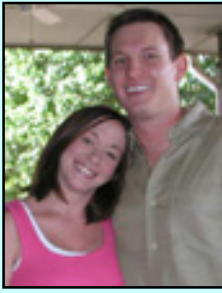

2 - 5 hours a week is all I need to teach *anyone* the **Learn & Earn" system** to:

- Create a solid home business, with an ***easy to grow and sustainable income...***
- While being exposed to **over 50 of the most amazing personal development minds on the planet** through *Success University's* advanced online courses...
- And at the same time be able to help others achieve their income and personal development objectives...

These are the same keys to success that have allowed me to earn precisely **\$3,233,842.32 in online sales** over the past 27 months. And I will show you how our unique combination of product, training plus turnkey marketing system and compensation plan ensure your success...

- **The Product** - *Success University's* advanced personal development online courses - **are in a field people are already buying in droves.** They have been for 70 years... Only with *Success University* they get an **unbeatable deal... It pretty much sells itself...**
- **The Training** combined with a **Turnkey Marketing System** takes all the guesswork out of making it happen. You are led *step-by-step* along the way... Plus it *ensures* you never have to approach anybody cold or *ever* have to try and sell a friend or family member...
- The **Compensation Plan** is unique... you can build a full-time income with a downline a fraction of the size it takes in other opportunities... and our **Dual Team Plan** *ensures this happens fast...*

I'll outline precisely how this works shortly... but first have a read and listen to what many ecstatic members have to say:

"I've tried several home based businesses in the past but have never had the kind of success I was hoping for... with *Success University*, in less than 4 months, I've been able to use this system to build an organization of **over 1,000 people in 47 countries!** Thanks to Matt Morris, I've finally gotten involved in something that has exceeded my expectations."

## My \$3 Million Clean Sweep Marketing on the Internet is Your Template for Success

From October 2002 to December 2004... I created **\$3,244,842.32 in sales** as an online marketer... and every lesson I learned from that success has been used to **catapult** *Success University* and its members...

And you can be the next member to be **personally mentored** to follow the same success path...

In case you're thinking I must possess some special skills or just be blessed... I must point out the fact that success was not previously my friend at all...

### A True Life "Rags to Riches" Story Motivated the Launch of *Success University* - Now You Can Repeat The Formula...

At the age of 21 I found myself homeless, living out of my little red Honda Civic selling swimming pools in southern Louisiana (in the sweltering heat of July and August) and was at the lowest point in my life.

The real turning point in my life came late one evening... I listened to a Tony Robbins tape that told his story of going from earning a very average income to over **\$1 million a year in personal income**. He attributed his success to personal development - he read over 700 books and immersed himself in personal development education.

I decided to take that as a clue and started spending hours and hours a day at Barnes & Nobles reading books on self-improvement. As I bettered my mind, I bettered my finances and **I now attribute 100% of my success to my self-education in personal development.**

This is what motivated the creation of *Success University*... It's a way for you to access thousands of dollars of the **most significant personal development breakthroughs for less than \$50 a month...**

All while being **personally mentored** to repeat the same success path I have enjoyed... and this is backed up with step-by-step training and a **Turnkey Marketing System...**

**Success University - Compensation Plan**

## Build a full-time income with *less people* in your downline compared to any other network marketing opportunity...

How is this possible?

It's made possible by the unique **Dual Team Plan** which I will explain briefly and in simple terms here...

With the typical network marketing plan... YOU and YOU ALONE are responsible for building your downline. But with *Success University's* breakthrough **Dual Team Plan**, your upline support team will be hard at work to help "spill-over" other students below you that count toward your commissions.

Here is the key...

***Success University's* compensation plan has been designed for the 98% of the people you usually get left behind.** Rather than help just a few people at the very top get rich, we have designed this plan so that it **pays out two, three, and sometimes even FOUR times** the amount most other companies pay because all the money is not going to just the "heavy hitters."

The *Success University Dual Team Plan* creates a *sense of urgency* that causes your prospects to practically beg you to get started... this is how it works: Your upline has only two teams. Thus, the people they enroll after you end up being placed below you... ***in YOUR downline...***

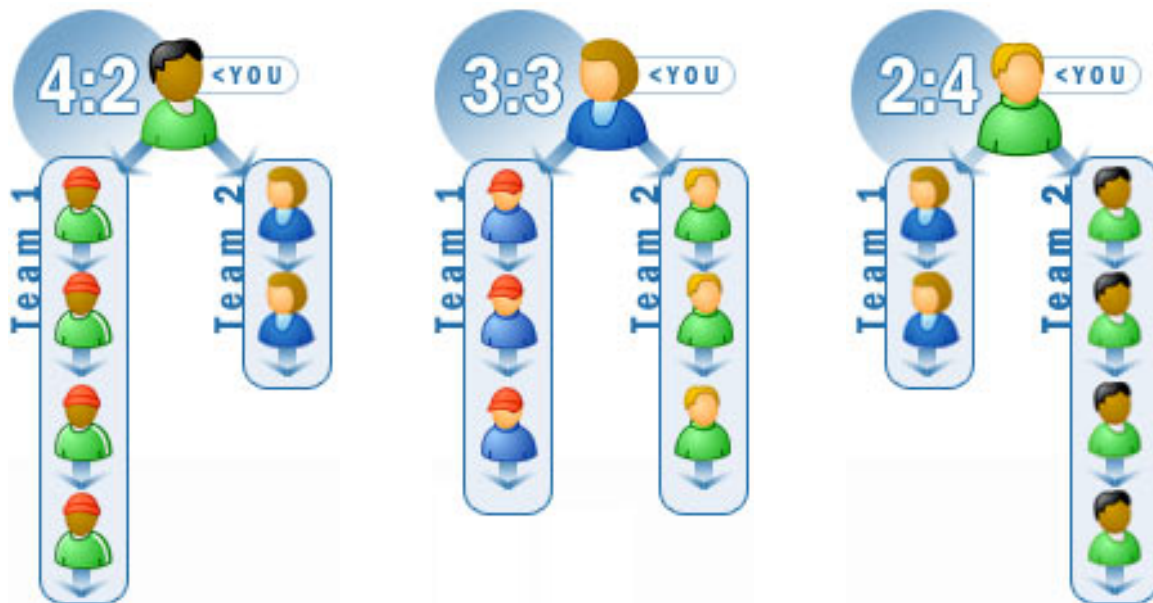

**That is called "spillover."**

Each and every student that gets "spilled over" beneath you ***counts as credit toward YOUR commissions...*** if you are about to enroll and hesitate... for even a few hours... it may cost you several people that would have been placed in your downline.

Of course the same applies to each prospective new enrollee that is visiting your website... *those who snooze lose...* but those who act *have tremendous help from above!*

Therefore, unlike other plans that require you to build a team of thousands of people to earn a full time income, you can be earning a full time income with a team **of just a few hundred students...**

When you enroll as a Free Trial member, you will earn \$20 in monthly residual commissions each and every month there are a total of 6 students who fall below you with at least a 1/3 : 2/3 balance. (Example: 2 on one team and 4 on the other or 3 on one team and 3 on the other.)

Once you're enrolled, we'll even show you how you can qualify to earn **DOUBLE** your commissions! That's right, you can earn up to \$40 per month in residual income for every 6 students who fall below you on your team - that equates to **more commissions** for the **fewest number of people** compared to any other compensation plan ever released.
